Tonya M. Evans  
CEO/Founder AFWMF  
3514 Clinton Parkway Suite 370  
Lawrence, Kansas 66047

Dear Ms. Evans,

The Administrative Standing Committee of the Unified Government approved the project design concept of the American Fallen Warrior Memorial as presented by you, the founder of the American Fallen Warrior Foundation.

This approval is acknowledgement of the subcommittee's general support of this important and uniquely American edifice to honor the men and women who have served our country; foreign and domestic. The Unified Government continues to work with the AFWMF to facilitate development and finalize an agreement that would allow the foundation to use up to 20 acres of City Park to house the memorial.

We look forward to this journey and working together with the foundation to build a monument the nation can be proud of and honors the Nations Fallen Warriors.

Sincerely,

Unified Government
